

MAKE THE BEST BUYING DECISION
KNOW BEFORE YOU BUY

Because everyone claims to have the best, most complete package at the best price

**to make it easier for you we've prepared a comprehensive comparison sheet
IT WILL PROVE OUR CLAIM THAT WE HAVE:**

The Best Price Guarantee

We guarantee on an apples to apples quote that we won't be beat, period!
It's that simple. Price is important and we give you our promise to be lower than anyone.

Pre-Cut Logs

All the logs in our package are pre-cut, lettered and numbered here at our factory exactly to your plan.
Including ALL the corners, ALL the window and door openings, and ALL the gable logs.

Top Quality Materials

We use the best kiln-dried Northeastern White Pine and Northern White Cedar logs, top quality Andersen windows and patio doors, Therma-Tru fiberglass entry doors and solid pre-hung 6-panel pine interior doors.

A Complete Materials Package

We supply from the sub-floor system up through to the complete roof system including architectural shingles! We include the interior framing with tongue and groove pine to finish all the walls and ceilings and we include the complete loft with stairs and railings. We even offer metal roof options!

Engineered Plans

We not only design to current national building codes, we will even supply engineer stamped plans if your location needs them at no additional cost.

Established in 1993 —We've been Building Dreams for over 25 Years!

“ I get to talk to a person not an automated phone system. The reps even give out their cell phone numbers. To boot they give me all sorts of information I wouldn't have thought to ask for. And because of their experience, they can answer my questions on the spot or get back to me with clear explanations quicker than anyone else I've dealt with. ”

“ We were surprised to learn that many companies we checked with didn't even offer sub floor materials. ”

“ We've discovered that some companies idea of pre-cut is not what you might expect. For instance, complicated angle cuts for gable ends have been left for the builder to cut and even if he gets it right, it costs time. If he gets it wrong it will be a waste of materials as well and leave us short. I'd rather have it pre-cut and stacked for accuracy at Coventry, than to lose time and money. ”

“ Did you know graded logs are a requirement to get building permits these days? Coventry includes grading! ”

Metal Roof Option	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

“ Many companies we checked with only offered a plain flat porch ceiling. But I wanted to see the architectural detail of the exposed beams and experience the openness of the roof pitch. That feature says rustic charm and that’s why I wanted a log home in the first place. ”

“ It turns out that some companies draw a deck in the plan but the package doesn’t actually include a deck. What’s up with that? Coventry said if the deck is on the plan, the materials are included in the package. That’s good, because I don’t need those kind of surprises. ”

“ Turns out Coventry supplies all the tongue and groove pine ceiling and all the shingles as standard in their package, but I wanted a metal roof, and they were prepared to factor that option into my complete package. ”

Loft System	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

“

Adding dormers to our floor plan allowed us to take full advantage of the square footage. But what was great, was we could save money by going with log siding instead of the full log option, and by adding corner extensions we couldn't even tell the difference.

”

“

We've seen so many folks multiplying their useable square footage for large entertainment rooms by creating a walk-out basement. That's what we wanted to do but the other company didn't offer that option. Coventry was fully prepared to factor in the option for us and provide the materials.

”

“

We wanted a garage which Coventry was happy to provide for us. When we began to talk about placement, our representative pointed out that the home's design could easily accommodate a breezeway. Our rep suggested we could save some money by going with log siding and when she priced it out for us we decided the convenience and added value was well worth it. Now that we have it, we can't imagine living without the added space and convenience.

”

“ We found that some companies don't supply the best quality windows and doors. Coventry does though, they offer top of the line Andersen windows and Therma-Tru doors. To boot, they will even provide custom gable glass. ”

“ Coventry supplies the tongue and groove pine to finish all my interior walls. This was not offered by all the companies I checked into. ”

“ Coventry is the only company that does not charge extra for Stamped Engineered Plans! ”

“ Codes are complicated, but it was nice to know that Coventry keeps up-to-date on them. The last thing I need is for my dream home to be non-compliant. Who needs that aggravation? ”
